A Wonderful Space

The Cypress Room event center has been designed specifically to offer a comfortable and spacious environment to enjoy friends, family and guests.

The event space includes a 2000 square foot room with rustic open beam ceilings. One wall opens to the beautiful outdoor setting of the golf course and wetlands. Your event can expand outside to take advantage of the lovely setting and moderate weather, or remain comfortably inside if the weather is less than inviting. The Cypress Room can seat 100 people at tables for a reception, with plenty of room for a dance floor.

The event fee includes round tables and white folding chairs to seat 100, as well as several banquet tables and the optional use of our in stock linens. We are able to provide fine wine selections and bottled and draft beer, bartender included. Arrangements can also be made for full service bar. We supply a caterers' kitchen, and work with select caterers. If you have someone particular in mind we will do our best to see if that can be arranged.

Event fee is 3000 Friday through Sunday, 2500 Monday through Thursday. Includes a minimum of six hours use of the event space, afternoons or evenings. Pre-wedding day rehearsal for 1 hour is at no additional charge, subject to availability. Additional charges may incur for cleaning or other services. Outside wine and beer is subject to corkage fee.

A Great Place to Stay

There is a large guest house on premises, [A Home on the Range](#), which sleeps up to 18 people, and is the perfect accompaniment to the event center. It has plenty of room for a bride to dress and the wedding party or out of town guests to congregate and stay overnight both before and after. It can also be used for a small rehearsal dinner, up to 25 people.

A three night stay, required for a wedding, starts at less than 1500. Partial prepayment will lock in current rates.

An Amazing Course to Play

The location is of course ideal for a pre-wedding golf outing which allows for fun and bonding. Special group rates and prizes help make it a memorable part of the Big Event. [Bandon Crossings](#) is highly acclaimed and was named one of the top 10 new courses in the US by *Golf Magazine* when it opened in 2007. It is a heathland course in the great British tradition, considered the best on the American West Coast.
